

Our Vision

“Communities Transformed with the Heart and Message of Christ”

Visits/Travel Ministry

Doug speaking to ACOP pastors and other invited guests

We had a wonderful visit from Doug Siggelkow. Doug spoke to a group of pastors and then Ron went with Doug to meet up with Rev. Trevor Harris in Honduras.

The three of them met up with Pastors Wilmer and Karen and ministered in many different settings there. Then four of them went on to minister in Nicaragua!

Trevor and Ron speak on Honduran Radio. Ron is taking the picture!

Looking Back at our Ministry since 2007

Since coming to Central America to live (2007), we have served the Lord and the local work in several ways: Leading teams and projects, providing ideas for spiritual growth and support for the ACOP work, co-leading a church plant, relationship building and discipleship, teaching, preaching, developing material, loving people and communities spiritually/practically and helping with almost everything thinkable. We continue to do all these things to this day.

Looking Ahead at our Ministry 2016 ---

We also want to ask you to pray with us as we look ahead to what God would have for us in the future. A continued primary burden on our hearts is to see families of churches grow collaboratively. Pastors and churches can accomplish the great commission so much more effectively together and allow the Holy Spirit to empower and express His diverse giftings through His diverse but united family.
